Air Turbines

Unprecedented Power

NEW

New Ti-Max Z Turbine Z990 / Z890

Powerful 44W*

* Z990L air turbine at 0.42 MPa air pressure

More power means better performance and time saving, for the greatest satisfaction of both dentist and patient.

This is the perfect balance NSK created with the new Ti-Max Z Air Turbine: unprecedented power, for a working experience which combines safety, comfort and usability.

1
Better performance in less time

2
Maximum safety

3
More comfort and usability

Ti-Max Z

• Solid titanium body with DURAGRIP® coating • Cellular glass optics • Ceramic ball-bearings • 2 years warranty • Clean Head System • Quattro-Spray • Quick Stop • Simple cartridge change • Z990/Z890: Microfilter, DURAPOWERC HUCK®

Standard head (Ø 12,1 × H 12,7 mm)

Mini head (Ø 10,6 × H 10,8 mm)

SOFT pearl

NEW

PROPHYLAXIS POWDER FOR SUPRAGINGIVAL USE

SOFTpearl gently removes mild to medium discolorations in the supragingival area. The pleasant taste of Glycine avoids the addition of any flavorings. SOFTpearl is thus excellently suitable for children and people who suffer from allergies.

A mean particle size of 65 µm was chosen for SOFTpearl as this particle size is well suitable for removing light discolorations and thoroughly removing plaque. In addition, the particle geometry is homogeneous which particularly benefits gentle cleaning with a very even radiation energy of the tooth surface which supports for a nice and even result.

- 4x 250g bottles
- Ø Particle size: 65µm
- Application: supragingival

MODEL **SOFT pearl**
